The documents provided are a Canadian Office Action just received in the Canadian application corresponding to the above-referenced application, and the Written Opinion of the International Searching Authority for the PCT Application, which the Canadian Office Action relied upon and included as part of the Office Action.

The citation of the listed items is not a representation that they constitute a complete or exhaustive listing of the relevant art or that the references are prior art. The items listed are submitted in good faith, but are not intended to substitute for the Examiner's search. It is hoped, however, that in addition to apprising the Examiner of these particular items, they will assist in identifying fields of search and in making as full and complete a search as possible.
